FIRST ESTIMATE OF SOYBEAN CROP SURVEY: KHARIF 2011

31st AGM of SOPA was held on 30th September, 2011. First estimate of Soybean Crop Survey: Kharif 2011 was discussed at length.

Extensive Survey was undertaken by SOPA along with other associate agencies in three major states of M.P., Rajasthan and Maharashtra for two weeks.

The initial observation indicates the harvesting & arrival of crop of early varieties.

It was not possible to carry out survey in some districts because of excessive rain and water logging.

Except for four districts of Harda, Hoshangabad, Vidisha and Raisen in M.P, by and large the crop is in better condition. Highland crop was in good condition all over.

In Maharashtra, overall crop condition is far better. Since the major sowing is of JS 335, harvesting will commence around 10th of October, 2011.

The summery report of FIRST ESTIMATE is placed below:

Name of State	Kharif 2011		
	Area Sown	Yield	Production
Madhya Pradesh	57.300	1076	61.666
Maharashtra	30.613	1163	35.609
Rajasthan	8.964	1393	12.489
Andhra Pradesh	1.550	1050	1.628
Karnataka	2.170	1070	2.322
Chattisgarh	1.500	1025	1.538
Rest of India	1.241	1010	1.253
Total	103.338	1127	116.504

Second survey will be undertaken during 2nd week of October, 2011
